Re: Massachusetts Hazardous Waste
Transporter Listing

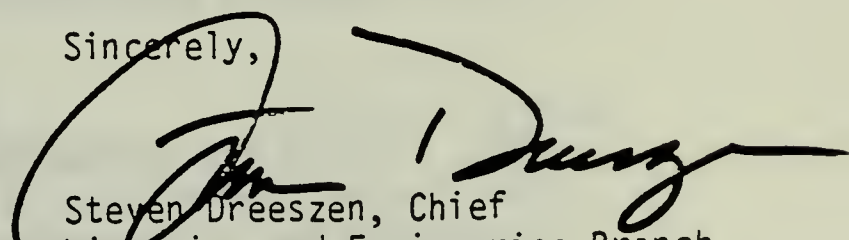

Dear Interested Party:

Enclosed is a list of hazardous waste transporters licensed in Massachusetts.

The waste authorization codes outlined on the following page provide the information you will need to determine which waste(s) each licensed transporter is authorized to transport.

Please be aware that several licenses are currently under review by the Licensing and Engineering Branch, yet remain valid (indicated by waste authorization code 7 on the enclosed list). The Massachusetts Division of Hazardous Waste cannot recommend a transport company. If you would like to learn the current compliance status of a specific hauler, or have other questions, please contact the Division at (617) **292-5822**

Sincerely,

Steven Dreeszen, Chief
Licensing and Engineering Branch
